GENERAL COUNSEL'S REPORT

I. BACKGROUND

On March 16, 1999, the Commission approved a proposed pre-probable cause conciliation agreement addressing various violations by Future Tech International, Inc. ("Future Tech"), two named corporations closely associated with Future Tech and four named officers of Future Tech.¹ Attached is a conciliation agreement which has been signed by respondents Future Tech and its four officers. The two closely associated corporations are no longer parties to this agreement.

¹ The Commission found reason to believe Future Tech violated 2 U.S.C. § 441e in connection with \$110,000 in non-federal contributions to the DNC. The Commission also found reason to believe Future Tech, one related corporation, MarkVision Computers, Inc., and the four named Future Tech officers knowingly and willfully violated 2 U.S.C. §§ 441b(a) and 441f, and that the second related corporation, MarkVision Holdings, Inc. knowingly and willfully violated 2 U.S.C. § 441f, in connection with an employee reimbursement scheme.

III. RECOMMENDATIONS

1. Accept the attached conciliation agreement with Future Tech International, Inc., Leonard Keller, Juan M. Ortiz, Louis Leonardo and Gregorio P. Narvasa.
2. Close the file as to the above named respondents.
3. Approve the appropriate letters.
